

Data Sheets

NEOX - Nano Technology

Its the best of both worlds - For colour laser printing.

Utilising nano-hybrid technology it is now possible to unite the benefits of:

UNCOATED PAPER

High degree of whiteness & stiffness, easy processing in and after printing

AND

COATED PAPER

Paper gloss & smooth surface feel for excellent print results

BENEFITS:

- ECF (elemental chlorine free)
- Acid Free
- Lignin Free
- Archival 200 years - ISO 9706
- FSC Certified (Forest Stewardship Council)
- Mill is certified ISO 14001

TECHNICAL DATA:

Grammage:	110gsm +/- 3.0
Caliper:	102 +/- 3
Stiffness L&W MD:	150 +/-15
Stiffness L&W CD:	80 +/- 10
Opacity:	95.0
Brightness UV:	110 +/- 2.0
CIE Whiteness:	160 +/- 3.0
Gloss 75°:	35 +/-5
