IQ BRIGHT & PASTELS

The multi-functional colour papers from IQ color are available in a range of colours & grammages - from soft pales to striking brights.

THE COLOURFUL WORLD OF QUALITY

With **IQ Color by Mondi**, the name sums up the philosophy. Because IQ stands for Ideal Quality and it is precisely the demand for high quality that this versatile paper meets. Thanks to its many benefits it makes every print a perfect example of the art - for results that are impressive in every way.

Optimum Feeding Properties	IQ color papers have optimum feeding properties, making feeding problems, paper jams and flawed copies a thing of the past.
High Light-fastness	To ensure that coloured paper retains its colour under the influence of UV light, 100% protection against fading is necessary. IQ color papers guarantee a high level of light-fastness.
High Degree of Permanence	IQ Colors high degree of permanence (as defined by ISO 9706) ensures that its properties remain virtually unchanged even when it is stored for long periods in stable conditions.
Safe Dyes	Thanks to the harmless dyes used, IQ colour meets the European standard for safety of toys.
Smooth Surface	The even fibre distribution means every sheet has a perfectly smooth surface - so every print run goes smoothly
High Opacity	A high degree of opacity is important when the paper is to be printed on both sides.
Packed to Perfection	Resealable transparent packaging, Moisture resistant, 100% recyclable packaging.
Great Versatility for further usage	The many possibilities for further use include Embossing • Stamping • Perforating • Folding

THE MULTI-PURPOSE PAPER - IQ color provides the perfect solution for every kind of business communication - for prints that are impressive, eye-catching and vividly expressive. Take a look at eh many different areas of application - and see for yourself

IQ COLOR & MONDI - CARING FOR NATURE

As an FSC certified paper, IQ color offers you the chance to repay nature for the wealth of colour she provides. After all, FSC stands for **“Forest Stewardship Council”**. The Council's seal is awarded to wood products from all over the world that are the result of **guaranteed well-managed forests**.
